SKILLS & TECH STACK

- **Languages:** JavaScript, TypeScript.
- **Frameworks & Libraries:** React, Next.js, Express, Node.js.
- **Web Technologies:** HTML, CSS, Tailwind CSS.
- **Tools & Platforms:** Git, Webpack, Vite, Jest.
- **Familiar with:** Prisma, Zod, PostgreSQL, MongoDB.

PROJECTS

Pet Daycare Management Application | [\[GitHub\]](#) | [\[Live Demo\]](#)

Tech Stack: Next.js, TypeScript, Zod, Prisma, Next Auth, Tailwind CSS.

- Created a full-stack application for managing pet care, including user authentication and payment processing.
- Integrated Stripe for secure transactions and Next Auth with bcrypt for user authentication.
- Managed state with the Context API and ensured data validation with Zod.

Food Delivery Web Application | [\[GitHub\]](#) | [\[Live Demo\]](#)

Tech Stack: TypeScript, React, Node.js, MongoDB, React Query, React Router, Auth0, Zod, Tailwind CSS.

- Developed a cyberpunk-themed food delivery app, enabling users to order from restaurants or manage their own.
- Implemented secure user authentication with Auth0, ensuring a seamless sign-up and login process.
- Utilised React Query for efficient data fetching and React Router for smooth navigation, enhancing the user experience.

OpenAI Powered Travel Application | [\[GitHub\]](#) | [\[Live Demo\]](#)

Tech Stack: React, React Query, Next.js, JavaScript, Prisma, Neon, Clerk, Tailwind CSS.

- Built an AI-powered travel companion providing personalised itineraries with secure user authentication.
- Incorporated the OpenAI API to deliver customised travel recommendations and day trips.
- Designed a sleek, responsive user interface with Tailwind CSS, enhancing the overall usability.

Remote Job Board | [\[GitHub\]](#) | [\[Live Demo\]](#)

Tech Stack: TypeScript, JavaScript, React, CSS, Context API.

- Created a platform for developers to search, sort, and bookmark job listings.
- Efficiently managed state and data, ensuring cached and persistent information between renders.

WORK EXPERIENCE

Web Development Experience | London, UK | March 2023 – Present

- Completed intensive web development courses, gaining hands-on experience in **JavaScript, React, Next.js, and TypeScript**.
- Built full-stack applications focused on responsive design, performance, and user experience.
- Worked with RESTful APIs, third-party integrations, and tools like Git for version control and collaboration.
- Implemented secure authentication, state management, and data fetching using modern frameworks and libraries.

Chestertons | Marylebone, London, UK | June 2023 – February 2024

Senior Lettings Negotiator

- Assessed and qualified landlords' needs, resulting in successful negotiations of complex lease agreements with tenants.
- Maintained high client satisfaction and exceeded deal volume targets by optimising strategies based on KPI analysis.

Foxtons | Marylebone & Mayfair, London, UK | February 2018 – March 2023

Senior Lettings Negotiator

- Oversaw the full lettings process, cultivating a collaborative environment and mentoring new team members.
- Consistently surpassed personal targets by 15%, securing tenancies for over 350 properties through effective negotiation.
- Developed and maintained strong landlord relationships, boosting client retention and repeat business.

EDUCATION

Web Development Courses

- Full Stack JavaScript – [The Odin Project](#)
- Beginner/Advanced JavaScript – [JavaScript Simplified](#)
- The Ultimate React Course – [Udemy](#)
- The Complete Web Development Bootcamp – [Udemy](#)

University of Craiova – Politics
